Not Independent

Lifespan and its authorised representatives are not independent in relation to the provision of personal advice. Lifespan operates its own Managed Discretionary Account (MDA) service and receives fees in respect of the MDA service. Lifespan is an investment manager for some Managed Portfolios and receives fees in respect of this activity. Lifespan may also receive commissions from life insurance providers when we recommend life insurance to our clients. Lifespan may act as promoter and investment manager in conjunction with OpenInvest and may receive fees for promoting and managing the portfolios.

Who is responsible for the financial services provided to me?

Your adviser acts on behalf of Lifespan who is responsible for the advice provided to you. However, your adviser may operate separate businesses, and provide other services through those businesses, which are **NOT** authorised by Lifespan and do **NOT** involve Lifespan in any way, such as: accounting, auditing, tax return preparation, self-managed super fund compliance and administration, property sales and referrals, and other products and activities. Lifespan is **NOT** responsible for any advice and services you receive from your adviser that are not authorised by Lifespan. If you are

uncertain, you should ask either your adviser or Lifespan Head Office who is responsible for that particular advice, service, or transaction.

Does Lifespan have any relationships or associations with product issuers?

Lifespan operates its own Managed Discretionary Account (MDA) service and receives fees in respect of the MDA service. Lifespan is an investment manager for some Managed Portfolios and receives fees in respect of this activity. If you would like to discuss any of these financial products, please contact your adviser.

How do I provide instructions?

Lifespan advisers will act on your instructions following your acceptance of their recommendations in your SOA. They and we should not act independently of your specific instructions (unless you decide to use Lifespan's MDA service). Instructions you provide should be communicated to your adviser in writing. These instructions should be forwarded in an email, fax or posted letter to your adviser.

Tailored, general and ongoing advice

Lifespan advisers usually provide advice tailored to your individual circumstances and also have the capacity to implement the advice they give, except where this may require the use of other professionals (for example accountants and lawyers). You may choose to enter into an agreement with your adviser to provide you with both initial advice and ongoing advice. If appropriate, we may also provide general advice only, where you are ultimately responsible for ensuring that this advice is suitable to your particular needs, objectives and financial situation. In this case, you should also obtain any relevant product disclosure statements to assist in this purpose.

Should I transfer investment monies to my adviser's account?

No. Lifespan does not allow advisers to receive your investment funds into their own account or into any Lifespan account. You should only transfer investment funds for a financial product to the approved financial institution that issues the financial product (as specified in the Product Disclosure Statement or similar document). You should never transfer investment funds to any other entity or person.

You should also not sign any blank forms or appoint your adviser as your attorney (or authorised signatory). You should not appoint any other person as your attorney or authorised signatory unless you have received legal advice.

What information should I provide to my adviser?

You will need to provide your adviser with your personal objectives and your current financial situation including details of assets, liabilities, income and living expenses. This can best be accomplished by completing a Lifespan Client Data Form. The amount and type of information we will require from you depends on what financial services you require.

It is important that you provide us with complete and accurate information about your current personal circumstances and financial situation.

If you choose not to supply the required information or provide us with inaccurate information, the advice you receive may not be appropriate to your needs, objectives, and financial situation.

You should read the warnings contained in the SOA, check any assumptions we make and review the basis for our advice carefully before making a decision about whether to proceed

with the advice. You should also obtain and read any relevant product disclosure statements prior to applying for a financial product.

How will I pay for the services provided?

Your adviser's specific method of remuneration and fees, including referral fees, are detailed in their Adviser Profile. The exact remuneration and fee details will be disclosed to you in your SOA.

All fees will be payable to Lifespan. If your adviser's remuneration includes commission paid by a product provider, such commission payment will be made to Lifespan. Lifespan retains between 0% and 40% of all commissions and fees we receive. The remainder is passed on to your adviser.

How are any fees, commissions or other benefits calculated for providing the financial services?

The three stages of financial planning are Initial Advice, Implementation, and further Advice. There is usually a separate fee for each of the three stages. Your adviser's remuneration structure for each advice stage will be found in their Adviser Profile and the dollar value disclosed to you in the SOA.

All commissions are payments made by the insurance product provider and are calculated as a percentage of the premium paid on insurance products. Commissions are of two types: (a) upfront or initial; and (b) ongoing or trail.

Fees can be based on a percentage of funds invested or funds under advice, hourly rates multiplied by the hours worked, an agreed dollar amount for the value of the specific service being performed, or a combination of these.

The fees can be collected by platforms and other product providers.

The typical ranges of fee rates for investments and commissions for insurance products are as follows:

- Upfront fees usually vary between nil and 5.5% of the investment amount with superannuation related fees being capped at 5%. Example: \$100,000 investment using a platform may involve an upfront fee payment of say 3% or \$3,000 which could be deducted from your investment account and paid to Lifespan, leaving a net investment of \$97,000.
- Ongoing fees typically range from 0.5% to 1.5% pa. Example: A portfolio of \$300,000 may be subject to an ongoing portfolio review fee of 1% per annum paid quarterly. This would amount to \$3,000 per annum.
- Upfront commissions can be up to 66% of the premium paid on insurance products.
- Ongoing commissions can be up to 33%.

All applicable fees and commissions will be agreed to with your adviser and disclosed in your SoA or other advice

document.

What should I know about any risks of the investments or investment strategies you recommend to me?

Lifespan advisers may only recommend to you investment products that are researched, analysed and approved by Lifespan. Your adviser should explain any significant risks of investments and financial planning strategies. If the adviser does not do so, you should contact us to explain those risks to you.

Who do I complain to if I have a problem with your services?

Your Adviser

Samantha Greene is a Financial Adviser, an Authorised Representative of Lifespan Financial Planning Pty Ltd (Lifespan) and a director of Greene Financial Pty Ltd, a Corporate Authorised Representative of Lifespan Financial Planning Pty Ltd.

As a Certified Financial Planner (CFP®), I've seen firsthand how good financial advice can transform lives. It's not just about numbers—it's about helping people feel confident, secure, and in control of their future.

At Grand Financial, we're here to change the way people engage with money. We believe financial conversations can be clear, supportive, and even enjoyable.

Since moving from Warrnambool to Melbourne in 2009 to study a Bachelor of Accounting and Finance, I've spent over a decade working closely with individuals—many of them women navigating major life transitions—to help align their money with the life they want to live.

While I bring years of technical expertise to the table, what matters most is how we connect with our clients. We

listen, we guide, and we focus on simple steps that lead to lasting financial confidence. Because at the end of the day, our goal is to make financial planning feel less like a chore and more like a path to freedom.

- Deposit and Payment Products

Cost of Advisory Services

At an initial free meeting I will understand your needs, what services might be suitable and talk through the fee basis for those services.

Payment will be either from the brokerage paid by the product issuers, or as per invoiced. A fee for portfolio preparation or, if investment recommendations are not implemented, may also be charged. Ongoing advice that includes portfolio reviews may be charged on a fixed dollar amount as agreed by you.

The fee basis for the Statement of Advice (**SoA**) will be agreed with you before any advice is provided or costs incurred. All other fees are fully disclosed in the SoA and Product Disclosure Statement prior to any charges being incurred.

Preparation of Statement of Advice (SoA) (depending on complexity)	\$5,000 to \$11,000
Ongoing Portfolio Management & Review	
Annual Review Service (depending on complexity)	\$5,500 to \$6,600
Six Monthly Review Service (depending on complexity)	\$8,800 to \$11,000
Or charged at a rate of \$440 per hour.	
Insurance	
Upfront commission	Up to 66%*
Ongoing commission	Up to 33%*
*% based on amount of premium and is paid by the insurance provider	

All fees include 10% GST.

All fees are payable to Lifespan. Lifespan retains 7% and pays Greene Financial 93%. I receive a salary and as a director/shareholder of Greene Financial I am entitled to a director's drawing and/or dividend if and when paid.

Fee Examples

Example for Superannuation Advice

If you receive advice about superannuation, the SoA fee could be \$5,000, of which \$350 is retained by Lifespan, \$4,650 is paid to Greene Financial. If you agreed on an annual review arrangement, the review fee could be \$6,000 per annum, of which \$420 is retained by Lifespan, \$5,580 is paid to Greene Financial.

Example for Risk Products

If you receive advice about insurance, the SoA fee could be \$5,000 of which \$350 is retained by Lifespan, \$4,650 is paid to Greene Financial. If you take out a life insurance policy with an annual premium of \$1,500, assuming the highest commission for the Upfront Option is selected at 66%, the upfront payment to Lifespan would be \$990, of which \$69.30 is retained by Lifespan, \$920.70 is paid to Greene Financial. The maximum ongoing commission for the Upfront Option is currently 22% per annum which could result in a payment of \$330 per annum for as long as the policy remains in force, of which \$23.10 is retained by Lifespan, \$306.90 is paid to Greene Financial. Where a level commission option is selected, it could be as much as 33%, or \$495, of which \$34.65 is retained by Lifespan, \$460.35 is paid to Greene Financial.

This commission has what is called a 'responsibility period' imposed by the risk product issuer. This means that if the policy is cancelled within the first 1-2 years of inception commission is returned to the product issuer by Lifespan.
